AUDIO-VISUAL AND MEDIA POLICY

We encourage all presenters to bring their own equipment for PowerPoint presentations due to compatibility issues with technology. There will be a screen and AV cart/table in each breakout room. We will have a small number of projectors available on a first come, first serve basis. The large audience room will have a projector provided. If you have a question about the need for AV once you have your assigned room, please ask. We can also estimate for you the number of handouts you will need to bring once rooms are assigned. Please acknowledge you have read and understood the AV/Media policy by checking here. →
